ABOUT THE L.I.V.E.S. PROGRAM

As many of you know, the L.I.V.E.S. Program is a 4-year program based on the SUNY Geneseo college, teaching life, independent and works skills.

We are excited to share the new changes happening within our program, and we are working towards gaining more person centered schedules and gaining more independence.

We have started a new schedule that focuses on more person centered , independent goals and make our college experience our own.
