OCTOBER EDITION

BREAKING NEWS!!!

ABOUT OUR CHANGES IN THE L.I.V.E.S. PROGRAM

This year in the L.I.V.E.S Program, we can choose our classes, and our attendances now matter in this program, because it allows us to graduate or move up a year and we are no longer one big group. We are now separated into two groups based on the year, and we are up moving around the campus more because of the new changes.
